Advises Taking W&L Plant Out of Politics

A consultant engineer from a firm which set up a 20-year expansion program for Municipal Water and Light Plant advised the Hope City Council last night to take the plant out of politics and place it under a board of public utilities or some similar group.

Lee Stump of the Burns-McDonnell Company said that through the years the municipal plant's income had been diverted to other city departments while the plant suffered. In fact the plant had been allowed to deteriorate to the point where it was hard to put into shape in a short period, he said.

The reason for his appearance actually was to explain a delay in completion which is due to one contractor failing to come through as expected. However, it was indicated the situation would be corrected soon or a bond forfeiture would be asked.

Mr. Stump outlined various phases of the plants growth and possible future growth.

Asked by Alderman E. L. Rettig just why it was necessary to issue an additional \$75,000 in bonds above the firm's estimate of \$350,000, it was explained by Mr. Stump: A long-range program (20 years) called for various steps of expenditures with the first step totaling \$787,000. The group in office at the time felt the people of Hope would not pass on such a large bond issue.

In order to get the new installations started and not drop the plan all together, the Engineers as requested begin to lop off various things that could be delayed. Finally the figure was dropped to about \$300,000 and bonds in the sum of \$350,000 were issued. However, it was soon discovered that contracts were running more than originally estimated and that another \$75,000 would be needed. This was due, it was explained, to the schedule slush with many items having to be added that originally were scheduled to be installed as work progressed.

The engineer also told the group that in the near future the water plant would have to be separated entirely from the electrical system, and that a new boiler would soon have to be installed at the power plant if the ten per cent annual growth in business is met.

The council was assured that every effort will be made to prevent any more delay in turning on the new turbine.

An ordinance was passed closing out a street improvement district; no action was taken on a request from the Presbyterian church to install a street light in front of the church; cost of directional lighting for all city vehicles over 1 1/2 tons will be secured; complete bids on cost of a rest room for Negroes will be secured.

The group voted to pay the premium on insurance coverage at the Water and Light Plant. The coverage is \$500,000 plus \$1,000 per day in event of disastrous accidents.

A letter from the CAA asked the city to fix a fence around the airport or risk the danger of being declared in default with a contract with the government. The letter arose out of a protest from J. O. Luck whose land adjoins the port. The group invited Mr. Luck to appear before the council.

Many of the other states did long ago.

Local Masonic Lodge Elects New Officers

Last night at the annual election of Whitfield Lodge No. 239 the following officers were elected for the ensuing year:

Worshipful Master, Ansley Gilbert; Senior Warden, Walter C. Miller, Jr.; Junior Warden, Leo Compton; Senior Deacon, Horace Hubbard; Junior Deacon, Coy Zumwalt; Secretary, E. H. Stewart; Treasurer, Roy Anderson; Tyler, C. H. Bush; Masters of Ceremony, T. O. Porter and Leland Warmack; Chaplain, H. Howard White.

These officers will be installed Friday June 18, 1954 at 7:30 at the Masonic Hall.

H-Bomb Father Doubtful of Oppenheimer

WASHINGTON (AP) — The man credited by many atomic scientists with unlocking the door to the hydrogen bomb says he would feel safer if Dr. J. Robert Oppenheimer did not have custody of the nation's vital secrets.

The scientist is Dr. Howard Teller, 46-year-old University of California professor, who said he regards Oppenheimer as a loyal American but questions his wisdom and judgment.

Oppenheimer himself calls Teller the "principal investor" of the fearful H-bomb.

But even as Dr. Teller expressed some reservations about Oppenheimer, father of the atomic bomb during World War II, many of the key men who worked shoulder to shoulder with him in top secret projects rallied to Oppenheimer's defense, saying he was a man of complete loyalty, integrity and devotion to his country.

On the other side of the picture, William L. Borden, former executive secretary of the Senate Atomic Energy Committee, described Oppenheimer as "more probably than not an agent of the Soviet Union."

Teller said he regarded Oppenheimer as loyal, but said "I would like to see the vital interests of this country in hands which I understand better, and therefore trust more."

All this conflicting testimony—and a backstage account of the momentous, tortuous development of the H-bomb was disclosed in the release of the transcript of hearings before a special security board of the Atomic Energy Commission.

The board ruled on May 27 that Oppenheimer was a loyal American and a discreet one. But, in a 2-1 split, it said the famed physicist with the crew haircut was a security risk—not entitled any more to access to the atomic information he helped store up for 10 years.

Mrs. McNatt, 76, of Falcon, Dies Tuesday Night

Mrs. Mollie McNatt, aged 76, of Falcon, died at her home Tuesday night.

She is survived by three sons, Truman of Little Rock, Roy of Texarkana and Maston of Rosston, two daughters, Mrs. Joe Duke and Mrs. Ludie Riley, both of Rosston.

Funeral services will be held Thursday at 2 p. m. at the Falcon Church of Christ with burial in the church cemetery.

Geneva Parley Fails, Standby Group to Remain

GENEVA (AP) — Western diplomats made plans today for a stand-by group to remain in Geneva during the expected suspension of the Indochina peace talks.

An authoritative source said some sort of a recess in the nine-power parley probably will be agreed on before the end of the week, but that there is no thought now of a complete break off of the talks.

France reportedly is opposed to any outright adjournment of the negotiations with the Communists, at least until after a new government has been set up in Paris and the National Assembly has had a chance to review the Indochina situation.

The United States and Britain were understood to be in agreement that France should not be deserted. They also feel the military talks here between the Vietnamese and the French must continue.

French Foreign Minister Georges Bidault flew back from Paris today to discuss the situation with British Foreign Secretary Anthony Eden and U. S. Under Secretary of State Walter Bedell Smith at a dinner tonight.

Smith and Eden also saw Jean Chauvel, French ambassador to Switzerland, on the situation this morning. Eden planned to meet later today with Communist China's Premier-Foreign Minister Chou En-lai.

Texas Eastern Picnic Bodcaw on Thursday

Texas Eastern Transmission corporation will hold its annual company picnic for employees and their friends at the Bodcaw pumping station at 7:30 p. m. Thursday, June 17, it was announced today.

There will be a barbecue supper of goat and chicken and baked ham.

Company personnel will attend from Little Rock and Shreveport, honoring the 20 families at the Bodcaw station.

Hearing for Kidnaper Starts Today

PHOENIX, Ariz. (UP) — A preliminary hearing was to start today for a 41-year-old unemployed welder charged with kidnapping 23-year-old Evelyn Ann Smith and holding her for \$75,000 in ransom.

Daniel Joseph Marsin, formerly of Brooklyn, N. Y. was identified by the wife of Phoenix industrialist Herbert Smith as the man who abducted her outside a Phoenix beauty shop last Wednesday and held her captive in the Superstition mountains until Thursday evening. Marsin was arrested last Friday morning only 100 yards from where the ransom money was found intact by police Monday.

Defense Attorney John J. Flynn said about 26 witnesses including members of the Smith family, policemen and reporters, would be summoned to testify at the hearing and indicated the proceeding might take some 2 1/2 days to complete. The hearing was scheduled for 2:30 p. m. in a Superior Court chamber, since the case was shifted from justice court because of lack of room.

Marsin, who previously has made no comment, was quoted in a story published today in the Arizona Republic, Phoenix newspaper, as saying he had told police "I'm not guilty of kidnapping."

Flynn said that he was calling "everybody I could find who knows anything about the case."

Police found Marsin wandering near the Quarter Circle R Ranch early Friday and after questioning by the FBI, which later withdrew from the case, he was turned over to local police. When picked up, he told investigators he had been searching for the fabled lost Dutchman mine and himself had lost his way.

Conviction on the charge of kidnapping for ransom could bring a sentence of from 20 to 50 years. He has been held in lieu of \$30,000 bond.

Christian Young People of Hope Complete Camp

Six young people from the Chi Rho group of the First Christian Church attended summer camp at Clear Springs grounds near Okonona, this past week.

There were 83 Chi Rho's and 15 counselors this year and Mrs. Cline Franks was the Dean of Women and the Rev. Mr. Pendleton, Dean of Men.

Their study during the week was Worship. The mornings, after the study hour, were spent in quest groups. These groups worked on different projects such as making trays, plaques and etc. Afternoons were taken up with recreation—swimming and baseball.

The evening service was called Angelus Hous with messages of chalk talks from leaders. The day was closed with the Chi Rho Triangle and Benediction.

During the week a swimming contest was held. The five events were: back stroke, side stroke, breast stroke, free stroke and breath holding. All five ribbons went to Judy Wright of the Hope Chi Rho group. The other five that attended were: Judy Robins, Mary Kathryn Dameron, Judy Pencil, Gladys Huckabee and Oliver Adams, Jr.

Woman Killed by Another Near Ashdown

ASHDOWN (AP) — Mrs. Zelma Dowell, 51, of the Crossroads community was fatally shot early last night and a 23-year-old neighbor woman was charged today with her death.

Prosecuting Attorney R. Coker Thomas of Ashdown said he filed a charge of murder against Mrs. Opal Tallent, mother of two children. Thomas said he also had charged Mrs. Tallent's husband, H. R. Tallent, with being an accessory to murder.

Thomas said the shooting apparently was the outgrowth of a quarrel of about two months standing.

Mrs. Dowell died at a DeQueen hospital early today several hours after the shooting. She had been struck in the lungs with a charge from a shotgun.

Thomas said the Tallents were in jail here pending an examining hearing before Circuit Judge George E. Steel this afternoon.

Thomas said the shooting happened about 6:30 p. m. Tuesday. He said Mrs. Dowell was about 35 steps away from Mrs. Tallent when she was felled by one charge from the shotgun.

Thomas said he was told Mrs. Tallent and Mrs. Dowell had been arguing for about two months over some chickens.

Tallent told the prosecuting attorney that Mrs. Dowell had displayed an ice pick shortly before the shooting and had threatened Mrs. Tallent.

The Crossroads community, where the shooting occurred is about eight miles north of Foreman.

Violent Death Toll Mounts in Arkansas

Seven persons died accidentally in Arkansas yesterday, bringing the state's fatality toll since Sunday midnight to nine.

Four of the deaths resulted from automobile accidents.

Ike Says Meet Will Disprove Reported Rifts

WASHINGTON (UP) — President Eisenhower told a news conference today that his forthcoming meeting here with British Prime Minister Sir Winston Churchill is designed to disprove a theory that great rifts exist between Great Britain and the United States.

He said this theory is being exploited by unfriendly nations.

The President said the meeting here with Churchill and Foreign Minister Anthony Eden, beginning June 25, was suggested by the British Prime Minister.

He said Churchill thought such a meeting would do much to combat the theory that great rifts are occurring between the United States and Britain.

Such a theory, the President said, could help only enemies, and consequently he promptly invited Churchill to come to Washington for a week-end.

To illustrate the need for the meeting he said that existence of a bridge across the Potomac River over which thousands of persons travel daily is not news, but if the bridge falls it is instantly news.

He said he is trying to keep the bridge between this country and the British strong.

If the conference is successful diplomatic experts expect it to lead swiftly to a meeting of the 10 nations tabbed by the United States for a collective defense pact to keep Southeast Asia from falling under Communist domination.

The White House announced yesterday that British Prime Minister Winston Churchill and Foreign Secretary Anthony Eden will visit President Eisenhower the weekend of June 25. It said Mr. Eisenhower had invited the two British officials "some weeks ago."

It was learned, however, that Churchill himself had taken the initiative in setting up the meeting. He obtained an invitation about five weeks ago, shortly after a sharp split developed between the United States and Britain on Communism.

Communist rebel attacks were fought off today in the flooded rice fields of the delta's southern sector.

French Give Up Two More Outposts

HANOI, Indochina (UP) — French troops today abandoned two more Red River delta outposts within 35 miles of Hanoi to tighten their major defenses against an expected all out Red attack on the delta region.

One of the posts abandoned was in the vital Phu Ly region, 35 miles south of Hanoi and key to the teeming southern delta. The second was west of Vietri, 30 miles northwest of Hanoi at the confluence of the Red River and its tributary, the Clear river.

The withdrawal from the two outposts was announced by a French spokesman.

Communist rebel attacks were fought off today in the flooded rice fields of the delta's southern sector.

McCarthy Has to Back Up on Testimony

Photo Shows He Signed Schine's Application

WASHINGTON (AP) — Sen. McCarthy conceded on the witness stand in the McCarthy Army hearing today that he had signed a "pressure" application for Joseph N. Welch, special Army counsel, produced a photo of the application for Schine's former McCarthy consultant, a central figure in the exchange of "pressure" and "blackmail" testimony between McCarthy and McCarthy's Army counsel, produced a photo of the application for Schine's former McCarthy consultant, a central figure in the exchange of "pressure" and "blackmail" testimony between McCarthy and McCarthy's Army counsel.

When Welch waved the paper before him, McCarthy said with grin and chuckle "don't tell me that's not it."

"No," Welch replied, "you may have signed it."

The Army special counsel said that he didn't think the application was McCarthy's statement was "a very astute thing" but that he had leveled it against the Army.

May 1954, McCarthy said anything about it. McCarthy said: "I don't know what you're talking about."

They examined the document added that it was not McCarthy's signature.

Stevens had accused McCarthy and Roy McCarroll of conspiring with leading figures in the Army to get McCarthy out of the Army.

McCarthy and Conn. have charged in turn that Stevens and Army Counsel John G. Adams attempted to "blackmail" McCarthy in efforts to "blackmail" McCarthy's investigation of all Army Communists into the Army.

Much of the 40-minute session of this 35th and possibly final day of the hearing was given over to argument as to McCarthy's right to receive secret information from government employees. At one time there were political overtones.

McCarthy, defending his right to a summary of an FBI document from an Army intelligence officer, has contended government employees have a duty to give him as chairman of the Senate Government Operations Committee information of any wrong doing.

At one point McCarthy said Sen. McClellan (D-Ark.) had an "accused" him of committing a crime by taking the document. He contended the Arkansas Democrat was "grossly in error" and expressed hope "McClellan would correct the record."

McCarthy also said that in effect McClellan was saying that "the Democrats" took over the content of the Senate and McClellan proceeded him as chairman of the Senate Investigations subcommittee.

At this point McClellan broke in to say with a smile, "That would be long."

"It's entirely possible," McCarthy said. Then he went on with his sentence to say that in effect

Heavy Damage in Accident Here

An auto driven by Harry Barlow hit a parked car owned by Mrs. Ann Roberts on West Avenue C yesterday, investigating City Police reported. The Roberts auto was heavily damaged.

Reports State Business Still on High Level

FAYETTEVILLE (UP) — Business activity in Arkansas continues at a relatively high level, although slightly below the high levels of the past few years, the Arkansas Business Bulletin reported today.

The bulletin is published by the University of Arkansas College of Business administration and the Bureau of Business and Economic Research.

There are some indications that January of this year was the low point in the readjustment period, the bulletin said, pointing out that whereas the volume of bank checks in January was 17 per cent below the corresponding month of last year, the volume for February was about even for the same month a year ago and the volume for March was more than two per cent greater than in 1953.

The volume of life insurance sales follows the same pattern as the bank checks.

Farmers Can Apply for Wheat Acres

Farmers on land on which no wheat was seeded for grain for all of the years 1952, 1953 and 1954 may apply for a 1955 wheat acreage allotment, according to H. B. Gilbert, Chairman of the Hempstead County Agricultural Stabilization and Conservation Committee. To be considered for an allotment on a farm which had no wheat seeded for grain for any of those years, the farmer must apply in writing to his county ASC Committee by June 30, 1954.

Blank application forms are available at the county ASC office for use in filing requests for allotments.

To Drill Well in City Limits

EL DORADO (UP) — A permit has been issued for drilling of an oil well inside the El Dorado city limits.

The proposed well would be the first within the city itself since the oil boom 33 years ago.

The well location, A. J. Miller's F. L. Dumas No. 1, is near one which has been producing since 1921.

All Around the Town

In a general discussion last night at City Hall the Council was told that all municipal plants run by boards were always better off financially and physically than those administered by the city government and Hope is a prime example of that.

For instance with the city heavily bonded to the tune of some \$425,000 the only thing that pays its way is the W&L plant and it in turn pays the way of other city departments.

In May Hope Water and Light Plant made \$27,789.09 and for the entire year, as of May 31, the plant has made a total of \$1,508.49 from water off City has drawn \$46,164.84 in the five month period.

All of which points to the fact that if the city would leave the plant funds alone the entire bonded indebtedness could be paid off in from five to six years without any strain whatsoever.

What do you think a private business would do?

Veterans Hospital Fire Under Probe

NORTH LITTLE ROCK (AP) — The spectacular fire which caused \$500,000 damage at the Fort Root Veterans Hospital Monday night was being investigated by three members of the hospital staff.

E. R. Wilbur, assistant manager who announced the appointment of the investigative board, said that the fire, which destroyed the hospital's occupational therapy building.

Several firemen suffered burn injuries in fighting the flames but none had to be hospitalized.

Wilbur said an early report one patient suffered a burn but had no serious injuries. The occupational therapy building was used only in the daytime and no patients were in the building at the time of the fire.

Wilbur said the building was built in 1948 and was a two-story building.

Calls Cohn Deputy Junior Senator

WASHINGTON (UP) — Sen. Joseph R. McCarthy remarked today that he could not hear Sen. Stuart Symington in the Army-McCarthy hearings today.

Symington retorted: "... you'd get the deputy junior senator of Wisconsin, Mr. (Roy M.) Cohn, out of your ear, you'd be able to hear better."

McCarthy replied that if Wisconsin were to have a deputy junior senator "I couldn't think of anyone I'd rather have."

Life in Germany So Strange Today It Takes Time for the Truth to Kill a Tall Tale

By HA LBOYLE

BERLIN (AP) — Pages from a touring notebook:

Berlin is a spy's paradise today. There is probably more cloak-and-dagger stuff going on here than in any other big city in the world. Some 30 Allied intelligence services operate and how many Russian agencies are in the field is anybody's guess.

Presumably they are all constantly checking on each other, and many a secret agent, looking back across his shoulders, must have the uneasy feeling that the guy following him is himself.

The normal discussion tone in Berlin is "the big whisper." After a few days here even the casual visitor finds himself talking with his hand over his mouth, and he begins to feel like a character in a B-grade spy thriller. This sense of mystery, of being involved in something going on that you don't understand, pervades the entire city.

Many Berliners today have a dislike of being registered or catalogued in any way. The "amos"

phere of tension that hangs over a divided Germany has created an unwillingness in many to be publicly identified with any cause. They fear that today's seal of approval may turn out to be tomorrow's death tag.

In the Berlin Amerika Haus, for example, thousands of Germans like to come and read the books or look at the films provided by the U. S. government. But many won't take books home with them because to do so they would have to sign a library card.

Under the Amerika Haus program — there are 22 libraries scattered through Western Germany — there is no heavy-handed attempt to propagandize the Germans, but merely to make available to them the best achievements of American social and technical culture.

"We find that if we stick to the job of representing America rather than hitting somebody else over the head, they respect us more," said George Henry of Reading, Pa. director of Berlin Amerika House.

year pilgrimage to Rome, during

which he attended the canonization

and independence from a Marian

of Pope Pius X.

Mallard Hatches, Building Starts

SEAFORD, N. Y.

Island's famous mama mallard

whose lackadaisical

hatching technique has held up

a building project for 23 days

Finally has brought five off-

spring into the world.

But things still are far from

duffy for Builder Louis K.

Hirsch.

Three unhatched eggs re-

mained today in her nest —

right plink in the spot where

Hirsch has been itching to get

his bulldozers into action again.

Hirsch suspended construc-

tion work on 19 houses rather

than disturb the setting of

"Trudy," the cutest wild duck

he had ever seen.

"Trudy" stuck with the three

remaining eggs today. Hirsch

said he didn't have too much

hope that they were hatcha-

ble, but would give "Trudy" a

little more time.

"Besides," said Hirsch,

"we've got to take the little

ones out to learn to swim

today." He insisted they were

not too young to take to the

water in a little pond he had

built just for the occasion.

Cotton Crop in Good Condition

LITTLE ROCK, Ark.

The Crop

Reporting Service said today that

Arkansas' cotton crop is in excel-

lent condition.

"A large part of the acreage has

been chopped, cultivated one or

more times and is clean," the

weekly bulletin reported. "Aided

by good seed beds and favorable

weather the crop has been chopped

at a rapid rate and no serious

scarcities of labor have devel-

oped."

Rice is doing very well, the sum-

mary aid.

"Soil moisture is still adequate

for good crop growth on most of

the bottom lands, but upland crops

are in need of rain," the report

said.

The Crop Reporting Service is

operated by the U. S. Department

of Agriculture in co-operation with

other federal and state agencies.

The current report covers the week

ended yesterday.

Jury to Decide Fate of Four Puerto Ricans

WASHINGTON, (NS)

Assault

charges against the four Puerto

Rican terrorists who shot up the

U. S. House of Representatives last

March 1, wounding five congress-

men, went to a federal jury today.

The jury of seven men and five

women received the case after

court-appointed Defense Attorney

F. Joseph Donohue told them there

was "no question" that the de-

fendants violated the law and after

Judge Alexander Holtzoff said

their motive was "immaterial."

The government has called their

wild pistol attack on behalf of

Puerto Rican independence a "hid-

eous, despicable, ruthless, sadistic

assault."

In his instructions to the jury

Holtzoff declared: "The alleged

zeal and concern of these defend-

ants for the independence of Puer-

to Rico does not justify the com-

mission of this crime and has ab-

solutely nothing to do with this

case."

The defendants, each of whom

face a possible maximum sentence

of 45 years in prison and who

technically must stand trial to-

gether with other Nationalist lead-

ers on seditious conspiracy charges

are:

Mrs. Lolita Lebron, Rafael Can-

del Miranda, Andres Figueroa

Cordero and Irving Flores-Rodri-

guez, all of New York.

Holtzoff told the jury that if it

finds the defendants acted jointly,

then each share responsibility for

the wounding of the five congress-

men in the March 1 attack.

Donohue urged the jury to

bring in a "not guilty" verdict on

the first five counts of the indict-

ment which charge the Puerto Ri-

cans with assault with intent

to kill each of the wounded law-

makers.

But he left it up to the jurors

to decide whether or not the

defendants were guilty of the

remaining five counts assault

with a deadly weapon.

The defense attorney declared:

"There is no question that these

four defendants have violated the

law and an American court and

an American jury should find them so

responsible for what they have

done."

But Donohue told the jurors that

it was up to the court to de-

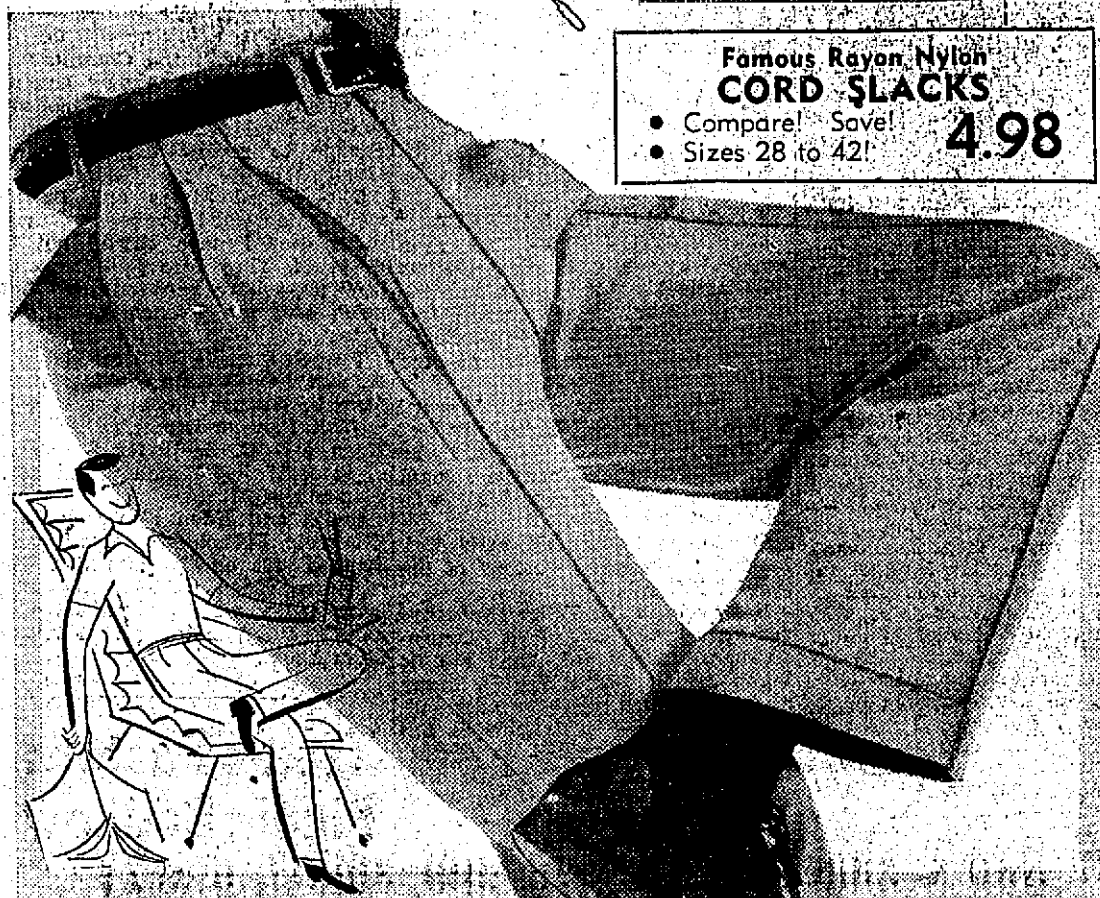

cide whether there was "an oppor-

tunity for leniency or mercy."

Why GMC's make other trucks out of date

Be careful—drive safely

The GMC light-duty truck
does more

because it has, as standard equipment, a full 125-horsepower engine—the most powerful 6 in its class.

The Hydra-Matic GMC light-duty truck
performs better

because it always is in the correct gear for the need—regardless.

The GMC light-duty
commands respect

with its dashing smartness—its look of quality—its spacious luxury cab that makes you and your wife proud to take it anywhere.

The GMC light-duty truck
saves more

because its Truck Hydra-Matic Drive ends repairs caused by shock-loading strains—ends all clutch costs—uses less gas—saves the tires.

The Hydra-Matic GMC light-duty truck
handles easier

because you never have to shove a clutch or shift a gear.

The GMC light-duty truck costs less to own—less to run—than old-style trucks. Come in and we'll demonstrate it!

*Optional at extra cost

Get a modern truck!

ABBOTT AND COSTELLO MEET DR. JEKYLL AND MR. HYDE
CONFERRING BORIS KARLOFF

2:30 at the home of Mrs. H. C. Whitworth.

Friday June 18
The Fulton Rose Garden Club annual picnic will be held at Cox's Court Friday, June 18, at 5:30 p. m.

Members of the Daffodil Garden Club and their husbands will be entertained by Dr. and Mrs. Harold Brents with a potluck supper at the Hope County Club on Friday evening, June 18 at 7:30.

Monday June 21
The Jeanette Hunker and Lou Demie Junior G. A.'s will meet in the home of Miss Billy Williams, 819 South Main, at 4 p. m. Monday, June 21, for a missionary program.

Poplar Grove 196
Members Have Social
Poplar Grove 196, Woodman's Circle, met last night on the lawn at the home of Mrs. Y. C. Coleman for a social.

The group enjoyed several games and then were served refreshments of homemade and ice cream. Eleven members attended the party.

Good Neighbor Club Meets
The Good Neighbor Club of Evening Shade met in the home of Mrs. J. L. Beckham last week.

After the regular business meeting, Mrs. Roy Mouser presented a very interesting talk on "Skin Care." She gave many helpful hints on the general use of cosmetics, and answered the various questions.

Guests, other than Mrs. Mouser, who were present were Mrs. Herbert Butler of Pine Bluff, Mrs. Sid Skinner and Mrs. Johnny McKay of Hope.

Games were played with Mrs. Clyde Sanders winning the prize. The hostess served refreshments to 15 members and guests.

The July meeting will be held at the home of Mrs. Ray Collins in Spring Hill.

Intermediate MYF
Entertained
On Tuesday afternoon, the Inter-

mediate MYF of the First Methodist Church and their leaders, Mrs. Edward Aslin, Mrs. Hinton Davis and Miss Mary Louise Copeland enjoyed a swimming party and picnic at Fair Park.

Following the picnic a treasure hunt was held with Charlotte Brown finding the treasure.

The leaders announced that a hamburger supper would be held at the church on Sunday night, June 20, at 8 o'clock. All members were urged to attend this supper.

Carolyn Maxwell Celebrates Tenth Birthday With Party

Miss Carolyn Maxwell celebrated her tenth birthday with a lawn party at her home 620 East Third street, Tuesday night.

Games were played by the group. After the honoree had opened her many gifts, she, with the assistance of her mother, Mrs. Norbourn Starks, served refreshments to 18 guests.

Personal Mention

Mr. and Mrs. William B. Hansen arrived this week to make their home in Hope, and are currently residing at 320 North Washington street. Both are graduates of Phillips University, Enid, Oklahoma. Mrs. Hansen received her B. S. Degree in journalism and economics; Mr. Hansen received his A. B. Degree in physics and math.

Coming and Going

Mr. and Mrs. Roy Mouser have returned to Hope after a short visit with Mrs. Mouser's aunts, Mrs. W. L. Cloud and Mrs. C. W. Nelson, in Dallas.

Hospital Notes

Julia Chester
Admitted: Mrs. Paul Pierce, Patmos.

Discharged: Mrs. Carl Gilbert Rt. 3, Hope.

Branch
Admitted: Mrs. Kenneth Stovall, Hope.

Discharged: Mrs. Kenneth Stovall Hope, Queen Ester Stuart Hope.

The European corn borer is believed by scientists to have been introduced into the United States from Hungary, being first discovered in 1917.

DOROTHY DIX

Truth Rears Its Head

Dear Miss Dix: I've been married 14 years and have three children. I always thought my husband had been decent when I married him, but a week ago he told me he had affairs with two other women before our marriage. Don't you think he should have kept this to himself. He's hurt me very much and I feel that all the happiness of our marriage is gone.

Both Foolish
Answer: Were your husband a wise man he most certainly could have kept this information to himself. Undoubtedly now he's very sorry that he didn't. But aren't you being a bit foolish, too, to let something out of the past spoil your happy present? Be thankful for your fine husband, and be grateful that you can exercise the divine gift of forgiveness.

Dear Miss Dix: I have two teenage boys. The older one is 14 and is asking if he can go on dates. Since he knows absolutely nothing about life, I hesitate to give him permission. My husband works nights and is with the boys very little, so it's up to me to tell him what he should know. Can you recommend some books that will give him the right approach to life?

Answer: I doubt very much if your son has reached 14 without learning a good deal more than you realize. Perhaps this knowledge hasn't come to him through the right channels, so you may have many wrong ideas to straighten out. However, it's equally possible that his sources of information may have been adequate though not equal to parental teaching. I do have an excellent list of reading material, most of it in inexpensive booklets; the list is yours for a self-addressed, stamped envelope. Ask for, "Sex Education for Teen-Agers."

Dear Miss Dix: Can love at first sight last? While on a cruise I met a man six years, my junior (I am 39), and we fell desperately in love. At the end of the 10-day cruise we were engaged. Our homes are several hundred miles apart, and I have promised to give up my job and move to his home town. I'm quite sure that what I'm doing is right. I have been a widow for several years have no close ties, and if he's in one it would give him now. Do you think our chances of happiness are good?

Answer: Certainly anyone who can write as elegant a letter as you have penned is without doubt very

much in love if your cruise mate's feelings match yours, you have a better-than-average chance of happiness. In spite of the minor obstacles. Just be sure to peek a bit into his background and make certain it's strictly according to Hoyle. Lots of luck.

Dear Miss Dix: We were married four years ago when my wife was 17 and I, 22. We have two children. My mother-in-law objected to the marriage from the beginning; now she has persuaded her daughter to leave me and return home.

I am not supposed to see my wife or children, yet my mother-in-law went to court to get support for them. On the few occasions when I have managed to see my wife for a few minutes, she has begged me not to get a divorce and has promised that she won't divorce me. How can I break this hold of a mother over her daughter?

FRED S.
Answer: Appeal to the same court that ordered you to support your family. Ask somebody to get you wife alone, talk to her, and try to convince her that you — not mamma — are entitled to her first allegiance. Then get a job as far as possible from your mother-in-law and establish a new home for your family. Breaking this mother-in-law tie — or even bending it — will be quite a job, I'm sure the court will suggest a counselor who will help you.

The library here draws from 300 to 1000 visitors a day, many of them dwellers of Russian-occupied East Berlin anxious to get a first-hand peek at the American way of life.

Commie organizations to which they belong usually try to discourage such visits by warning of terrible punishments the Americans will inflict upon them.

"Recently a young Eastern Sector mechanic came to the library to see a film," recalled Henry, "and repeatedly refused to sit in one of the light metal chairs provided for the audience."

"Finally," he reluctantly told why. He said he had been warned that the metal chairs were wired, and if he sat in one it would give him a shock, and when he woke up he'd be fighting with the French Foreign Legion in Indochina."

"Life has been so weird in Germany for the last 15 years that it

Ike Says Meet

the critical Southeast Asia problem. The United States favored immediate formation of a "united action" pact under which 10 nations would join together to safeguard the area from Communist control. The British agreed to explore the idea but insisted upon postponing any talks until after the Geneva conference was given a chance to produce peace in Indochina.

Churchill and Mr. Eisenhower also will discuss other problems such as the European Defense Community treaty which remains to be ratified despite many months of U. S. prodding. But the Southeast Asian topic is likely to receive the most attention.

The British particularly want to know what the United States is willing to do to defend Southeast Asia and where it will be willing to make a stand. The United

takes time for any truth to catch up with and kill a tall tale.

Bar girls are banned in most American cities today but they still flourish in some German night clubs for the edification of the tired businessman.

The girl dances with the T.B.M. or sits across the bar from him, lapping up split bottles of champagne as he tells her the sad story of his life. This form of entertainment comes high. For in return for bending her ear, the tired businessman is supposed to fork over a big tip as well as foot the champagne bill.

The Germans have a very descriptive name for these entertainers — "animation girls."

Photo Shows He

McClellan was saying that he could give him information that was stamped confidential. McClellan said he did not look but told McCarthy he would like for the question concerning the receipt of confidential information by congressional investigators to be cleared up.

"If I were chairman," McClellan said, "I'd want to know if it proceeded legally."

In another exchange, McClellan told McCarthy that "maybe" President of the United States is not of your wing of the party, either," McCarthy replied. He campaigned for Eisenhower and would again.

"I haven't campaigned for Clay Clifford yet," said McClellan. "You're one up on me."

There are more than two million children in the United States with impaired hearing, says the American Hearing Aid Assn.

Insects have as many as 4,000 muscles compared to less than 100 in a human being.

States wants to know if the British are ready to do more. They merely explore Dulles' "united action" proposal.

North, South Sides Teams Pay Tonight

The Northside will play the Southside boys in a game of baseball at the City Park tonight. The preliminary game will be played between the North and Southside girls. Time 7:30 p. m. Admission 10c and 15c. All patrons and friends are invited to attend.

Legionnaires Lick Skyliners by 6-3 Score

Hope Legionnaires downed the Texarkana Skyliners 6-3 to take over first place in the Little River Valley League last night at Legion Park.

Marty Filigamo's home run with two on base accounted for the Legionnaires first runs in the third inning. They picked up another run in the fourth on a double by Boyett and a single by W. H. Gunter.

The Skyliners picked up two unearned runs in the fifth on base on balls, single, and two errors. Their other run came in the ninth on two singles.

Hope scored another run in the fifth on base on balls and a double by Johnson. The final run came in the seventh on two errors, a single and a double steal.

Reeder Huddleston, winning pitcher, gave up 3 runs on 7 hits, walked 6 and pitched 18. Bob Terry, loser, gave up 6 runs on 9 hits, fanned 10 while walking 4.

Olson Knocks Out Turner

HONOLULU (P) — Middleweight Champion Carl (Bobo) Olson scored a blood spattered one-sided technical knockout over Jesse Turner of St. Louis in the eighth round of a scheduled non-title 10 round bout at Honolulu Stadium last night.

Olson weighed 164 pounds over the 160 pound limit. Turner weighed 161.

There were no knockdowns.

Both of Turner's eyes were closed and he was bleeding from the nose and from cuts under each eye when the fight was stopped in 1 minute 9 seconds of the eighth.

Olson fought like a well-oiled boxing machine. He was hardly panting at the end.

By the sixth round, Turner was staggering. He came to life briefly with windmill flurries in the sixth and seventh but there was no power behind the punches and he could hardly see.

Hamner, Reese Leading Polls

CHICAGO (P) — Gran Hamner, Philadelphia second baseman, and Peeewe Reese, Brooklyn shortstop took over leading positions for the National League starting lineup in the All-Star poll today.

Giants Digging Into Leo's Bank Book

By BEN PHLEGAR
Associated Press Sports Writer

If Leo Durocher's bank balance holds out there's no telling what heights the New York Giants may reach this season.

Leo's personal investment in the rapid rise of the Giants mounted to \$200 today as he hauled out his checkbook and paid off Bill Taylor and Hank Thompson.

Taylor got his hundred for a home run in Milwaukee last Thursday, the only run in a 10-inning victory that moved the Giants into a first-place tie with Brooklyn.

Thompson got into the act last night with a three-run homer after two were out in the ninth. It gave the Giants a 5-3 victory over Cincinnati and sole possession of first place.

In neither case did Durocher tell the hitters of his offer before they went to bat.

As Hank ran the count to 2-0 Durocher turned to the bench and said: "If he hits one I'll give him a hundred too."

Thompson and Taylor will be on hand today to collect.

The Giants knew from the seventh inning on that Brooklyn had lost to Milwaukee 7-6, meaning that first place was theirs if they could beat the Reds. Milwaukee took third place, as Philadelphia bowed to St. Louis 3-1.

In the American League Cleveland stretched its lead to three games over the Chicago White Sox by whipping Washington 9-3.

The White Sox never quite found out what hit them as they fell to the Philadelphia Athletics 11-4. New York defeated Baltimore 6-4 and Detroit downed Boston 4-1.

The Dodgers, who lost only 17 games at home all last season, dropped No. 11 last night to the Braves. It was the third straight time Milwaukee has beaten Brooklyn in Ebbets Field this year.

The Braves combed three Brooklyn pitchers for 14 hits, and put together four singles in the eighth for the tying and winning runs. Hank Aaron got Milwaukee away to a 2-0 lead with a first-inning home run by Brooklyn led twice, 3-2 in the third after a two-run triple by Junior Gilliam and 6-5 in the fifth after Duke Snider's 14th home run with two aboard.

Vic Rasch scattered six Philadelphia hits in winning his sixth game for the Cardinals. He gave up a run in the first on two walks and a single by Granny Rattiner.

Stop Those Horrid Lies

Your Skin is Telling About Your Age

Premature crow's-feet at the corners of your eyes are often caused by skin dryness. Skin dryness is caused by your skin's inability to make enough lubricating cholesterol and esters. Penetrating Lanolin Plus Liquid used nightly as a cleanser—then a few extra drops gently massaged into your skin before retiring—next day a few more drops used as a powder base. This keeps your skin constantly supplied with an abundance of cholesterol and esters. Result: dry skin is overcome—premature dry-skin wrinkles quickly fade, giving you a surprisingly younger look. Get your Lanolin Plus Liquid today. Use it tonight. Actually SEE and feel a difference tomorrow morning. All this for but one dollar, plus tax.

* If you spent \$1.00, you could not get more beauty help than you get from a \$1 (plus tax) bottle of Lanolin Plus Liquid.

AEC Manager Supports Nichols on Board

NEW YORK The New York Times today that Maj. Gen. Robert H. Nichols, general manager of the Atomic Energy Commission, has drafted his recommendation in the Oppenheimer case.

The Gray board's recommendation is not a final one but should not be considered as a reliable source of information, a Washington dispatch to the Times by James M. Smith said.

The famous atomic scientist lost another round in the latest of his long fight to be restored as a reliable source of information.

The board's recommendation has not been delivered in final form to the members of the AEC, but this will be later this week when the final step in the proceedings will be taken.

The board's recommendation has not been delivered in final form to the members of the AEC, but this will be later this week when the final step in the proceedings will be taken.

PRESCOTT NEWS

Gordon Family Reunion
Sunday, June 13, was a happy occasion for members of the A. A. Gordon family when all the children of Mr. A. A. Gordon honored him at a family get-together. The delightful day was marked with a picnic dinner at the Suckle's Lake cabin of Mr. and Mrs. Ralph Gordon present with their father were Mr. and Mrs. Andrew Gordon and Mr. and Mrs. Clarence Gordon of Prescott. Coming from out of town to join the family group were the other children: Mrs. George M. Blake and Mr. Blake of Dallas, Texas, Mrs. Louis Sawyer and Mr.

ter to the AEC is more critical of Oppenheimer than the majority finding of the Gray board—a three-member special Atomic Energy Commission security board. The board—headed by Gordon Gray, former secretary of the Army and now president of the University of North Carolina—recently found unanimously that Oppenheimer is a loyal citizen and it praised his discretion. The board voted 2-to-1 however that under the administration's regulations Oppenheimer must be classified as a security risk.

Sawyer of Hohenwald, Tennessee
Mr. Wheeler Gordon of Magnolia, Mr. and Mrs. Minor Gordon of Kilgore, Texas, and Mrs. Brad Scott and Mr. Scott of Little Rock. Sharing also in the fun and companionship were a number of grandchildren and great grandchildren who were: Mrs. Frank Martin and Miss Judy Martin of Dallas, Texas, Mr. Jack Gordon of Little Rock; Mr. and Mrs. Emmet Parham, Pamela and Gordon, of Camden, Misses Helen Ruth and Mary Agnes Scott of Little Rock, Mr. and Mrs. Rayph Gordon, Alex, and Doug and Mr. and Mrs. Dudley Gordon, Anna and Ellen of Prescott.

Jane Nelson Honored
Jane Nelson was honored with a party given by her parents, Mr. and Mrs. Jim Nelson, at their home on Thursday afternoon.

A variety of games were played with prizes being awarded to the winners.

The dining table was spread with a white linen cloth and centered with an arrangement of mixed summer flowers. The white and green birthday cake was served with ice cream.

Plastic balloons were given as favors.

Guests included: Sandra Ward, Ruth Hairston, Kay Shipp, Diana Cashman, Simone Webb, Mary Beth Bryson, Caroline Daniel, Karen Ann Rouse, George Jr. Stegar, Margaret and Martha Drake Dews, Susan Ward, Priscilla Bensberg and Cynthia Arnold.

Mrs. Nelson was assisted by Mrs. Glenn Hairston Mrs. E. R. Ward, and Mrs. C. W. Dews.

Mrs. Gutensohn Feted
Mrs. P. S. Gutensohn, a recent bride, was feted with a miscellaneous shower given by Mrs. Gene Lee, Mrs. Madge Polk and Mrs. Howard Graham on Friday evening in the home of Mrs. Graham.

Colorful arrangements of zinnias and roses decorated the rooms.

The honoree was presented a gardenia corsage.

Appropriate games were played with prizes being won by Mrs. Polk and Mrs. W. S. Balck.

the very fine way in which they went about helping to entertain our recent convention, the 49 session of the Arkansas Association of Colored women and girls, we are grateful for every contribution from the colored and white. The members of the Anna P. Strong Club.

Only Once

Edmund Halley, English astronomer, did not live to see the return of his comet. He died in 1742, but the comet, now named after him, reappeared on schedule in 1758, as he had predicted.

One of the first public clocks in America was installed in 1727 in the Congressional Church at Guilford, Conn. and was operated in three successive churches until 1892.

Ride the tide that's rolling to FORD

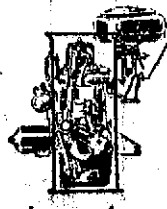

It means more car for you when you buy it . . . more value when you're ready to sell!

And "worth" is only one of the ways that the '54 Ford is leading its field! Ford's also the leader in power; in ride, in looks . . . and just plain driving convenience. And here's why:

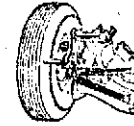

Two new deep-block engines

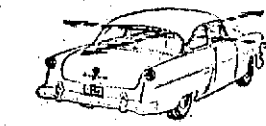

Ford's new 130-h.p. Y-block V-8 and 115-h.p. I-block Six have free-turning overhead valves, high-turbulence combustion chambers and low-friction design to give you greater power and finer performance.

Ball-Joint Front Suspension

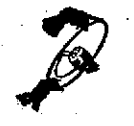

Ford's new Ball-Joint Front Suspension (exclusive to Ford in its field) makes driving far smoother and easier, even on rough, rutted roads. It also keeps the wheels in true alignment longer . . . keeps handling consistently easy.

Full-Circle Visibility

Ford gives you the kind of "wide-open" glass area that makes driving easier and safer—colorful new trim and upholstery that are beautifully tailored and long-wearing. And Ford's new Astra-Dial Control Panel is the last word in convenience and style.

Fine-car power assists

To make driving more convenient and pleasurable, Ford offers you Master-Guide Power Steering*—Swift Sure Power Brakes*—Power-Lift Windows* (power-lifts on all four windows)—4-Way Power Front Seat,* that goes up and down as well as forward and back.

Fordomatic Drive

Fordomatic* shifts for you better than you could for yourself. It is the most versatile "automatic" drive of all . . . for it combines the fluid smoothness of a torque converter with the "Go" of automatic gears.

Join the swing to

Ford

*Optional at extra cost.

Test Drive it . . . and you'll want to drive it home!
